Packing

15 Pcs in Master Box

FoaminGlow- Car Wash Sponge

Characteristics

- Yellow, bone shaped
- Size of 9.06"x4.33"x1.77"
- Super absorbent, wrings out easily
- Extremely durable, Lasts long
- Withstands solvent based shampoos

Key Benefits

- Super absorbent and high cleaning solution retention capacity.
- Generates foam to trap dirt in suspension.
- Bone shape offers better grip with wet hands.
- Extremely durable sponge; withstands solvent based shampoos too.

How to use

- Firstly free up the loose dirt by pressure rinse or bucket wash.
- Mix Jopasu Bio Car Shampoo and water to the desired quantity.
- Agitate the shampoo with JOPASU FOAMINGLOW and start cleaning the vehicle from top to down.
- Use sponge in a swirling method for generating foam, even washing & debris removal.
- Rinse sponge periodically during use to release trapped debris.
- Finally rinse and wipe dry using Jopasu Microfiber.

Notes

- Keep heat & flames away.
- Use separate sponge or wash mitt for tyres.
