

## Ultracut 1500

This highly aggressive, medium duty, high gloss rubbing compound effectively eliminates medium (1200 – 1500 grit) level scratches, surface imperfections, blemishes, oxidation from any painted surface with no swirling or residue. This product is body shop safe.

### Gloss Level

### Abrasiveness

### Buffability

Ultracut 1500 – (HSN – 3405 4000)

### Packing

600gm, 3Kg, 40Kg, 200Kg

### Characteristics

- White paste
- Medium level abrasives
- Paintable

### Key Benefits

- Quickly and effectively removes medium level scratches and oxidation.
- Even Sanding patterns, fast removal of sanding marks.
- Less product needed preventing pads from becoming saturated.
- Paintable and will not "fish eye" freshly applied paint.

### How to use

- Apply small amount of product directly on painted surface.
- While product is wet, buff a 2' x 2' area with high speed buffer (2200 rpm, or less) and cutting pad. Keep pad flat on painted surface and buff until product dry, applying light, even pressure. Clean pad regularly.
- Remove residue with clean, microfiber cloth.

### Notes

- Ensure vehicle is not under direct sunlight while buffing and polishing.
- Do NOT allow product to freeze.
