

Anti Drip Glass Cleaner

JOPASU Anti-Drip Glass Cleaner is a quick spray on, dweller, wipe off cleaner for glass, mirrors, acrylic and plastic windows. This unique formula resists the dripping of the solution on the glass, giving more time to react on the dirt. It results in quick removal of road grime, traffic film, insect remains, tree sap, oil, grease and bird droppings.

Cleaning Strength

Foaminess

Anti Drip Glass Cleaner – (HSN – 3402 9099) **Packing** 500ml, 50Kg, 200Kg

Characteristics

- Blue water-based solution
- Sprayable and easy to use
- Can be used on glass, mirrors, acrylic and plastic windows

Key Benefits

- Resists dripping of solution giving more time for reaction.
- Abrasives-free and ammonia-free formula will not streak the glass surface.
- Glass stays clear longer.

How to use

- Spray Jopasu Anti-Drip Glass Cleaner on the surface.
- Due to anti-drip property, the product resides on the surface giving time to react.
- Wipe it with clean folded Jopasu Magic Wipe (Microfiber) in one direction.
- Flip the towel to clean side when soiled as dirt will not transfer to other panels.

Notes

- Do NOT swallow.
- Use Gloves and Goggles as a precautionary measure.
