Automatic Car Shampoo - (HSN – 3402 9099) **Packing**

5Kg, 35Kg, 200Kg

### Characteristics

- Yellow coloured, thick liquid
- An exclusive pH balanced (pH 7-9) formula
- Highly concentrated, alkaline based
- Can be used on paint, chrome, glass, rubber, plastic and vinyl surfaces

### Key Benefits

- Safe for Plastic bristles.
- Low usage cost, as it is highly concentrated and mixes with water.
- Does not strip wax protection and is safe for all paint types due to its pH balanced formulation and non-streaking properties.
- Saves time and effort because it's super high foam lifts and holds dirt in suspension and promotes a film-free rinsing.

### How to use

- To use this product in automatic car wash stations, mix 1 part of product with 200 parts of water.
- At the end of an automatic wash, wipe dry the vehicle with Jopasu Magic Wipe Microfiber.

### Notes

- Mix the shampoo and water as directed.
