

Banana Wax – (HSN – 3405 3000)

## Banana Wax

An economical light yellow banana scented carnauba wax containing silicon and mild abrasives that strips away oxidation and minor paint imperfections, thus producing a high gloss swirl free finish with long-lasting protection.

**Gloss Level**

**Buffability**

**Durability**

**Packing** 2.5L, 35L, 200L

### Characteristics

- Light Yellow Carnauba Wax
- Contains Silicones
- Contains mild Abrasives
- Applied through High Speed Buffer/ Orbital Buffer/ Hand

### Key Benefits

- Removes light to medium scratches, oxidation and swirl marks.
- Generates deep gloss.
- Creates barrier that protects paint from UV rays and surface contaminants.

### How to use

- **High Speed Buffer**
  - Dust off or wash your car with Jopasu Car Shampoo to get rid of any dirt or dust particles.
  - Following steps to be done starting from the roof, proceeding to the hood, trunk and sides.
  - Apply a small amount of the product directly on the painted surface or on every quadrant of the polishing pad.
  - Buff a 2'X2' area by keeping the polishing pad flat on the surface, and applying even pressure until the product is dry.
  - Remove the residue with clean soft microfiber.
- **Orbital Buffer / Hand**
  - Dust off or wash your car with Jopasu Car Shampoo to get rid of any dirt or dust particles.
  - Following steps to be done starting from the roof, proceeding to the hood, trunk and sides.
  - Apply product evenly over a painted surface with a moist polishing bonnet or applicator sponge.
  - Use even pressure in circular motion to remove swirls and minor scratches and allow it to dry to haze.
  - Remove the residue with clean soft microfiber.

### Notes

- Ensure vehicle is not under direct sunlight while polishing.
- Wash the polishing pads regularly after every use.
