Dry Wash (RTU) – (HSN – 3402 9099)

**Packing**

500ml

### Characteristics

- Sprayable milky white solution
- An exclusive pH balanced (pH 7-9) formula
- Removes dirt and grime, resulting into high lustre
- Can be used on paint, chrome, glass, rubber, plastic and vinyl surfaces

### Key Benefits

- Fine Spray that delivers even coverage over the bodywork.
- Cleaning and polishing is quick, as no rinsing or drying is needed.
- No water waste, water spots, swirl marks, streaks or scratches.
- One bottle can serve 6-8 cars and saves tons of water.

### How to use

- For best results, work on your car off the sunlight.
- Use Jopasu Car Duster from top to down for freeing up loose dirt (Saves consumption of microfiber towels).
- Spray the Dry Wash onto a 2ft X 2ft surface and wipe it with a folded microfiber towel in one direction.
- Flip the towel to a clean side when soiled as dirt will not transfer to other panels. Switch to a fresh towel when needed.
- Continue this process until the entire vehicle is clean.

### Notes

- For toughened dirt, spray the Dry Wash onto the surface, leave it for 2-3 minutes and then wipe it.
- Do NOT use Dry Wash on warm/hot surfaces.
- 35 ltrs and 200 ltrs packaging contains concentrated liquid which needs to be mixed with water in 1:1 ratio before application.
