

## General Purpose Cleaner (Conc)

An extremely versatile and economical JOPASU General Purpose Cleaner is a concentrated heavy-duty formula to remove soil, light grease, bugs and road film from exterior vehicle surfaces and dirt, grime and stains from interior rubber, plastic, vinyl and fabric. All-in-one cleaning solution for that "just detailed" look.

**Cleaning Strength**

**Foaminess**

General Purpose Cleaner (Conc) –  
(HSN – 3402 9099)

**Packing**

2.5Kg, 35Kg, 200Kg

### Characteristics

- Colourless liquid
- Alkaline water based surfactant
- Can be used on metal, paint, chrome, rubber, plastic, vinyl & fabric

### Key Benefits

- Safe for all surfaces.
- Dissolve light grease and grime.
- Features high penetrating foam that holds soil in suspension for easy rinsing.
- In concentrated form can be used as Engine cleaner in ratio as it is or 1:3 as per the engine condition.

### How to use

- Interior Cleaning: Mix 1 part of the product with 10 parts of water (1:10). Spray product on the surface and allow it to dwell for 1 min. Wipe with wet Jopasu Magic Wipe (Microfiber).
- Exterior Cleaning: Mix 1 part of product with 4 parts of water (1:4). Spray product on the surface and allow it to dwell for 2-4 mins. Use a brush if needed to remove the stubborn grease and grime. Pressure rinse.

### Notes

- Do NOT swallow.
- Use Gloves and Goggles as a precautionary measure.
