

J Cut+

This light aggressive, body shop safe, reddish cream compound effectively eliminates light scratches (2000 grit) and oxidation from all painted surfaces with no swirling marks; leaving a deep gloss onto the surface.

J Cut+ – (HSN – 3405 4000)

Packing

250gm, 600gm, 3Kg, 40Kg, 200Kg

Characteristics

- Reddish cream lotion
- Abrasives to remove light to medium scratches
- No wax no silicon

Key Benefits

- Quickly and effectively removes light scratches and oxidation.
- Less product needed preventing pads from becoming saturated.
- Paintable and will not "fish eye" freshly applied paint.

How to use

- Apply small amount of product directly on painted surface.
- While product is wet, buff a 2' x 2' area with high speed buffer (2200 rpm, or less) and cutting pad. Keep pad flat on painted surface and buff until product dry, applying light, even pressure. Clean pad regularly.
- Remove residue if any with clean, microfiber cloth.

Notes

- Ensure vehicle is not under direct sunlight while buffing and polishing.
- Do NOT allow product to freeze.
