

Windshield Washer

JOPASU Windshield Washer is a concentrated, water-soluble solvent formulated for vehicle washer fluid reservoirs. This streak free formulae removes smoke, grease, grime, insect remains, tree-sap etc. from the windshield of your car resulting in spotless glasses for clear vision.

Cleaning Strength

Foaminess

Windshield Washer – (HSN – 3402 9099)

Packing

50ml, 2.5Kg, 50Kg, 200Kg

Characteristics

- Orange-red water-based solution
- Abrasives-free and ammonia-free formula

Key Benefits

- Improves visibility and reduces night glare.
- Glass stays clear longer.
- Highly recommended for vehicles travelling on highways and in rainy season.

How to use

- Squeeze the bottle to get 25 ml of the product into the upper part of the bottle.
- Pour 25 ml of windshield washer and 2.5 litres of water into the windshield water tank (1:100 ratio).
- When the car is on, spray the solution from the windshield tank onto the windshield. The wipers move swiftly resulting in spotless glass for clear vision.

Notes

- Do not swallow.
- Keep out of reach of children.
